The world of RAUVISIO surfaces

Innovative RAUVISIO surface materials combine functionality with extreme durability and countless design options. Whether you're working on a kitchen, bathroom, living room, office, restaurant or shop, our polymer surfaces are guaranteed to help you implement your customer's unique ideas and create their favourite spaces.

This is not only ensured by the high-quality appearance, innovative functionality and extreme durability, but also by the infinite number of design options. However, the result is always the same: places where people love to spend time

Our product ranges:

RAUVISIO crystal glass laminate like glass, only better
RAUVISIO brilliant acrylic laminate - versatility that captivates
RAUVISIO noir laminate - Elegance in noble matt

Like glass, only better: RAUVISIO crystal glass laminate

Looks like glass, feels like glass, but is significantly lighter, more resistant and more flexible and can be processed using standard woodworking tools: RAUVISIO crystal glass laminate. This material is used for front panels, whilst the thin variant is used for rear walls of recesses or wall panels. Whether you are working on a kitchen, bathroom, living room or shop, a wide range of designs available in matt or high gloss, polymer mirrors and optional magnetic surfaces give you incredible design freedom, allowing you to take modern interiors to the next level.

Key features at a glance

So easy to work with:

- Can be worked on with standard woodworking tools
- 50% lighter than real glass
- 10 x less brittle than real glass
- 20% less waste compared to real glass
- Pliable
- Can be milled, inlaid, or fitted with backlights

Great for your customers too:

- Highly scratch-resistant
- Soft touch, anti-fingerprint finish on matt surfaces
- Easy to clean
- Can be marked with whiteboard markers (high-gloss surfaces) or chalk (matt surfaces)
- Individual colour matching, even for small orders
