SENOPLAST

Senoplast have achieved a worldwide name for high gloss acrylic films. Senoplast high gloss acrylics boast an unmistakable surface and depth of colour which offer a gloss effect like no other material.

A collection of Senoplast Acrylics, these designs are distinguishable by excellent scratch, scour and High UV resistance.

Acryl Glass 2mm gloss acrylics are a co-extruded material which, combined with their high gloss levels, delivers all the aesthetic advantages of real glass with the processing and practical advantages of Senoplast.

Acryl Glass 2mm supermatt acrylics are smooth anti-fingerprint surfaces which also have the added benefits of scratch and scour resistance provided by Senoplast TopX.

Areas of application extend from furniture surfaces for the kitchen, bathroom, living room, bedroom, and office environment to shop fitting, and architectural solutions.

All products are supplied with a protective film.

senoplast acryl glass gloss

This 2mm thick acrylic creates an authentic glass appearance, optically enhanced by milled edges whilst offering the processing and practical advantages of the industry wide known brand Senoplast. Incorporating the TopX technology into this product provides excellent scratch and scour resistance making it great for use in heavy use areas such as kitchen applications. To avoid bowing or bending of the finished product a matching balancing sheet material in 2mm is also available. Available in sheet size 2800 x 1300mm laminated onto 15mm MDF and in quantities as little as just one board.

All decors shown are reproductions and due to screen variations, may vary slightly from the actual products.
